Dear Harold and Lil:

Often I think about both of you and so much has been happening that the days pass and I don't write. I received my Ph.D. in February and promptly left for Paris where I have been working on a novel. Since I have little money, I will have to find some job in the fall, but whether in Europe or the United States I don't yet know. I like Paris but not the Parisians. I hope that all is well with both of you. Please let me know how you are doing. Is there any book you would like me to buy or anything I can do for you here?

Best,

(I went to Israel for the October war.)
